## OBJECTIVE

---

We are seeking employment as workcampers around the 48 contiguous states. Our desire is to see this great country and get to know its natural features and people. We are retirees needing an income supplement. Our length of stay is quite flexible.

**We are willing to work the days that are hardest for employers to fill** (including most weekends & all holidays) and **the busiest seasons.**

## AVAILABILITY

---

We are looking for a **winter 2015-16** position and a **summer 2016** position. Phyllis currently has some physical limitations. She can do office work and sales, provided she can sit part of the time, but not restroom cleaning. Lifting is limited. Larry has no significant restrictions. We are looking for part-time work. While we would like some paid hours, we do not need a lot of paid hours and will consider working for site (including electricity). We want time to explore the area. However, we can work up to 40 hours a week when there is a special need, such as Sturgis Bike Week in the Black Hills.

## AT LEFT

---

Phyllis is holding Harpo (Miniature Poodle) and Larry is holding Roscoe (Miniature Schnauzer) in front of our 2009 Aspen Travel Trailer and 1999 upgraded and customized Dodge Ram 3500 diesel dually 4WD.

## BACKGROUND INFORMATION

Larry retired early as a result of an automobile accident suffered in 2002.

When he was unable to recover fully while commuting in a heavy traffic situation, Larry and Phyllis decided to retire at the end of 2004 and become full time RVers. While Larry does not have the remarkable stamina he had before the accident, he has improved considerably in our ten years on the road. Larry and Phyllis have two grown children and travel with two small dogs.

Phyllis has some degeneration in her back that limits her activities at present. She is continuing her physical therapy exercises and is improving.

## SOME RECOMMENDATIONS FROM PREVIOUS EMPLOYERS

### Beaver Lake Campground

Greetings to whom it may concern,

In regards to the traveling morgans, Larry & Phyllis. We were their welcome home for the april-oct 2010 season. We recognize their wish to explore, widen experiences through out the nation. Their season here was pleasant, very helpful. Phyllis is a lady up to any task, within reason for any camp of our complexity. I thank her now again for her willingness to pitch in when we were in need. She did so in any capacity. Larry also was special in his way. Wherever a guest asked for attention, my pools, any operation capacity of the camp, Larry would be there. I most appreciate his help, sharing of his knowledge in starting our cable tv system, establishing our private info. channel Wherever Larry & Phyllis travel, wherever they would like to spend time, if you have a project that works for you & them you should find a great couple willing to share of a world of experience, & willing to adapt to the unique niche your property is in.

From Cindy & Max, Beaver Lake Campground, Custer, SD
